

Business Rate Sheet

As of August 1, 2018

Dependable service, fair prices and more choices--it all adds up to better value for our customers. The following is a summary of the current prices for the most common schedules available to business customers. **Detailed terms and conditions for all prices and schedules are provided in our tariffs.**

You may qualify for more than one schedule. Price selection is your responsibility. Upon request, we will evaluate your utilities use to determine your qualifications, including which schedule would be most beneficial to you. A requested change to another applicable schedule will be applied only to services used after your request goes into effect.
