

Dependable service, fair prices and more choices--it all adds up to better value for our customers. The following are the current prices for the most common schedules available to residential customers. Detailed terms and conditions for all prices and schedules are provided in our tariffs.

You may qualify for more than one schedule. Price selection is your responsibility. Upon request, we will evaluate your utilities use to determine your qualifications, including which schedule would be most beneficial to you. A requested change to another applicable schedule will be applied only to services used after your request goes into effect.

To view our tariffs, rules and regulations, visit us at [www.csu.org](http://www.csu.org) or call us at (719) 448-4800. Residential rates apply to service for general residential purposes, including multi-family dwelling units within a single structure and under one ownership, provided that the main use is attributable to the primary dwelling unit.
