MEMORANDUM

TO: Clear Spring Ranch Coal Combustion Residuals Landfill Operating Record

From: Colorado Springs Utilities Environmental Services – Technical Services

Cc: Clear Spring Ranch Coal Combustion Residuals Landfill Internet Site

Date: April 25, 2022

Subject: Groundwater Assessment Monitoring – Alternative Source Demonstration Notification

Colorado Springs Utilities is placing this notification in the Clear Spring Ranch Coal Combustion Residuals (CCR) Landfill Operating Record that a successful Alternative Source Demonstration (ASD) has been completed for the CCR Landfill Selenium in Groundwater Statistically Significant Level Detection Notification dated February 23, 2022. As required by §257.95(g)(3)(ii) of EPA's CCR Rule, the ASD will be included in the CCR Landfill's 2022 Annual Groundwater Monitoring Report.
